SUMMARY

Bachelor's degree in Economics (UNLP, Argentina). Experience in data analysis and management, management control and finance in the public and private sectors. Solid knowledge of macroeconomic variables, capital markets and financial analysis, with a strong focus on process automation. Seeking professional growth in demanding analytical roles.

EXPERIENCE

- Dashi®** dashiapp.pages.dev 2026-Present
Founder
 - Design and development of a management platform for SMEs (administration, point of sale, invoicing, dashboard and online ordering) in HTML, CSS and JavaScript, through orchestration of generative AI agents.
 - Economic modeling of the dashboard (margins, costs and break-even) with interactive data visualization and natural-language queries powered by AI.
 - Automation in PowerShell and Python: invoice capture with duplicate detection and scheduled overnight processes; deployment on Cloudflare.
 - Tailoring of the system to the operations of each client company, together with professional partners in the field of business administration.
- Moscú S.R.L.** 03/2026-Present
Head of Administration and Finance
 - Monthly economic report (margins, costs and profitability by client and product, nominal and CPI-deflated); management of treasury, checks and cash flow.
 - Inventory control, recipe costing and waste tracking; pricing policy and client price adjustments.
 - Automation of invoicing, closings and reporting with PowerShell and Excel; web-based management dashboard (HTML, CSS and JavaScript) and redesign of the chart of accounts in Tango ERP.
 - Preparation of management reports for senior leadership, with variance analysis and recommendations to support decision-making.
- Ministry of Economy - Province of Buenos Aires** 04/2025-03/2026
Budget Analyst
 - Budget formulation, execution and control; revenue and expenditure projections.
 - Analysis of the composition of expenditure and financing sources.
 - Multi-year public investment analysis and management reports with relevant indicators.
 - Monitoring of goal attainment and budget execution, with reports prepared for the department's senior officials.
- Ernst and Young** 11/2024-04/2025
FSO Multi Client US Tax Analyst
 - Tax preparation (Federal 1065 and State Returns) for large US clients.
 - Processing of financial information and K-1 forms for investment funds structured as partnerships.
 - Daily communication in English with teams in the United States and India for process reviews, follow-up meetings and technical training.
 - Review and quality control of the information prior to filing, in compliance with team deadlines and standards.
- Exiros, Techint Group** 12/2023-11/2024
Stock Analyst (Demand Planning) - Internship
 - Inventory optimization and purchase planning; SAP reservations, requests and purchase orders.
 - Stock and order reports; order expediting and ongoing communication with suppliers.
 - Monitoring of stock levels and supply coverage to prevent shortages and overstock.
- National Road Safety Agency (Argentina)** 01/2022-12/2023
Operational Support, Data Analysis and Management
 - Database administration and maintenance.
 - Support in the nationwide rollout of the IEP system (Standardized Payment Interface), coordinating with banks and payment gateways.
 - Consolidation and analysis of information for reports addressed to the agency's operational areas.
